The
Counselling
Partnership

Charity registration number 107 6244

If something is troubling you, talking to a counsellor could really help. The Counselling Partnership offers counselling by phone or Zoom. We understand that it is not always easy to talk about problems. We are trained to listen and to help you explore your feelings without judgement.

The Counselling Partnership is a highly regarded charity improving mental well-being by providing affordable, one-to-one counselling for adults.

All of our volunteer counsellors have a wide range of skills and experience and we carefully match the most appropriate counsellor to meet your specific needs.

Here to help

We help clients facing a range of issues including **depression, anxiety, bereavement, anger, stress, abuse, loss, phobias, post-traumatic stress, relationships, self-esteem, trauma** and **work or career related issues.**

Contributions

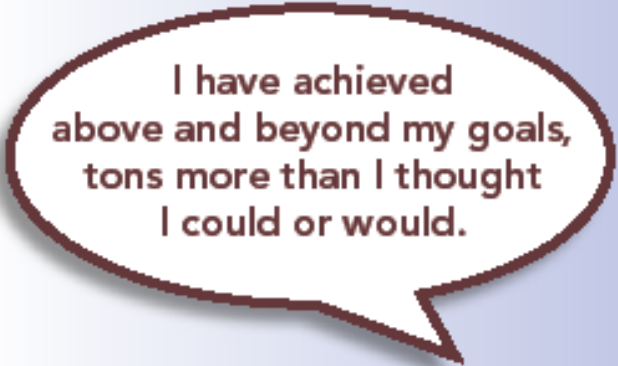

We ask you to make a contribution for the initial appointment and each subsequent counselling session based on what you can afford. These contributions will usually range from £25 to £55. We offer a Contribution Assistance Scheme for clients who wish to apply for further financial support towards their weekly sessions.

Support

Please contact us by telephone, email or via our website to book an initial appointment to talk about the issues affecting you and to discuss whether counselling is the most appropriate way forward for you.

A really good service which makes counselling more available to everyone who needs it.

I have achieved above and beyond my goals, tons more than I thought I could or would.

My counsellor was kind and caring. She made me feel that I was being heard and listened to – something that I have not felt in a long time.

Gift Aid

As part of the Gift Aid scheme, The Counselling Partnership can reclaim tax on all donations and contributions from donors who pay income tax. *giftaid it*

Donations

If you would like to make a donation to support our work you can find us at www.localgiving.org as The Counselling Partnership, or we have a 'Support us' page on our website www.thecounsellingpartnership.org

Funding and Support

The Counselling Partnership actively seeks funding support to subsidise the vulnerable and disadvantaged who are unable to pay. Funding support enables our volunteer counsellors to maintain the high standards required by the BACP and to promote our services to those who are least able to afford it.
